RANKS

DOES

RANK MATTER

the answer for the above question depends largely on your goals . . For most students aiming to join the **Diploma in Nautical Science (DNS),** rank only matters in certain cases, while for others, simply passing is enough. Let’s break down when IMU CET rank is important and when it’s not .

FOR GUIDANCE AND TIPS WHATSAPP 7318297426

WHEN RANK MATTERS

BSc, BTech, or DNS at IMU Campuses : If you want to pursue a BSc in Nautical Science, BTech in Marine Engineering, or DNS directly from one of the IMU campuses, then IMU CET rank is crucial for securing admission.

WHEN RANK DOE S NOT MATTER

If you aim to do **DNS from a Private college** or simply need a sponsorship to get started in the Merchant Navy, then IMU CET rank isn't as critical. For DNS, your primary goal is to qualify the IMU CET and secure a sponsorship from a reputable company. Key Recommendation If your goal is DNS, focus on preparing for sponsorship exams and interviews with companies. Also, aiming for an **IMU CET rank under 4000** is beneficial, as it keeps options open for Anglo Eastern and other reputable sponsors. But ultimately, cracking a company's sponsorship matters more than achieving a high CET rank alone

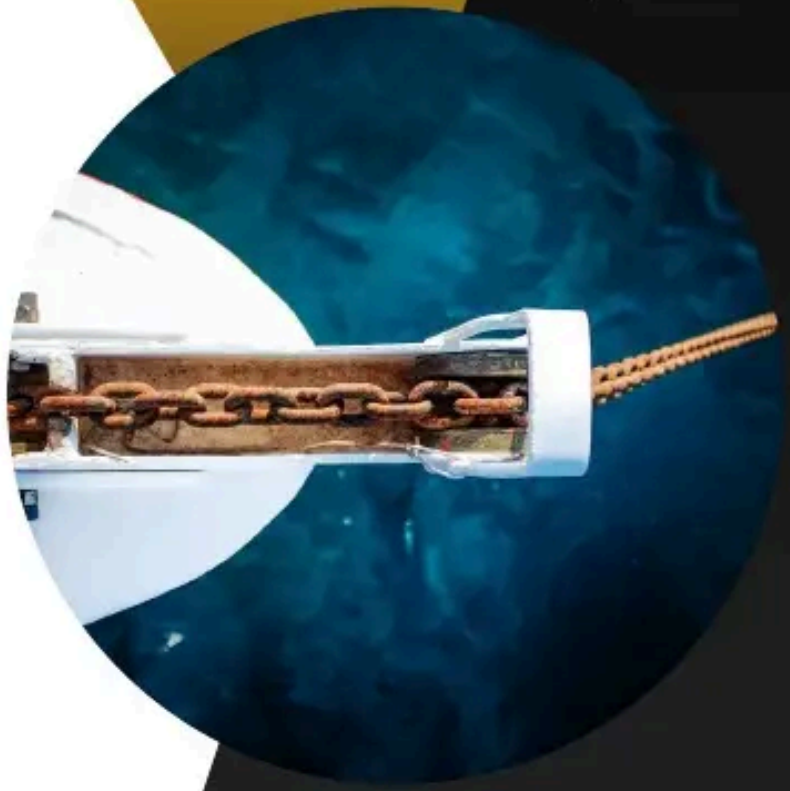

CUTOFF

FOR IMUCET

IMU CET doesn't have a fixed cutoff. Instead, qualifying is based on achieving a rank within the list IMU publishes each year.

Admission eligibility is typically determined by your position in the rank list rather than a specific score threshold. Rank List and Qualification To qualify for IMU CET, you
simply need to score enough to appear on their rank list, which varies each year based on:

- **The number of applicants**
- **The overall competition level**
- **Past trends in qualifying marks**

HOW TO

PREPARE

PREPERATION

SELF PREPERATION

if you prefer self study i.e. to prepare independently. i have mentioned a few books and a plan later you can refer to that . (But for Sponsorship a preparation course is highly recommended)

JOIN A COACHING

For a more structured approach, consider joining a preparation batch . We Mariners assemble also provide with preparation batches that provide a more structured approach

HOW TO

SELF PREPARE

- **Create a Study Schedule**: Organize your study time and allocate specific hours for each subject.
- **Focus on Weak Areas**: Identify challenging topics and dedicate more time to them.
- **Practice Regularly**: Work through previous years' question papers and sample papers to build confidence.
- **Stay Updated**: Keep an eye on any changes in the exam format or syllabus.

SPONSORSHIP

WHAT IS SPONSORSHIP

DNS Sponsorship allows students pursuing a Diploma in Nautical Science (DNS) to secure **placement with shipping companies before starting their course**. This ensures a smoother transition into the maritime industry.

FOR GUIDANCE AND TIPS WHATSAPP 7318297426

IS IT

MANDATORY

- It's **Mandatory to take Sponsorship** to do DNS Course otherwise you can face many problems like **No job, fraudulence of agents etc**.

- For **Bsc NS and B.Tech ME** you can do these course **without Sponsorship** , you will get Campus Placement from your respective colleges.
